    Diane Follett  English Language Acquisition Instructor

5:35 Convene Executive Session for approximately 30 minutes for the purpose of reviewing the performance of a public employee.

6:05 Action Items as a Result of Executive Session ................................................... Mark Martinez

6:10 Adjournment ....................................................................................................... Mark Martinez

All Board meetings will be recorded.
ENROLLMENT SERVICES

Cindy Mowry, MA
Associate Dean of Student Success/Registrar
WHO WE ARE

- Enrollment Services maintains student academic records from entry to graduation and beyond
- High touch approach to enrollment management
- Regularly engage and support students in a proactive way
- Week-to-week interventions that are deliberate and targeted
LEARNING OUTCOMES

• Students will use online tools to register for classes successfully
• Students will be able to apply for graduation
• Students will use tools in MyCC to access information and conduct business with Enrollment Services
KEY METRICS/DATA SOURCES

- Student Satisfaction Data
- Students Served & Programs accessed
- Professional Standards
- Student Engagement Metrics

Data Sources
- Benchmarking Data - SENSE/CCSSE/NASE surveys
- Data Dashboards
- Department Review Data
- Use of Services & Facilities Data
A NEW APPROACH

• One-Stop Service Center
  – Merged Enrollment Services & Student Aid/Scholarships front line team
  – November 1, 2018 training started with implementation of new model March 1, 2019
  – Purpose – to provide more efficient services to students
THE TEAM

• Tracey Songao, Assistant Registrar
• McKenzee Murphy, Student Enrollment Manager
• Brandon Dawley, Credentials/Student Completion Specialist
• Kathy Bate, Entry Services Specialist
• Student Enrollment Specialists:
  – Cassandra Sanders, Kristina Krieger, Kelli Sypher,
  – Deysi Martinez
MULTIPLE MEASURES

• Participated in Placement 360 sponsored by SBCTC about a year ago
• Placement assessments have low predictive validity
• Other measures more predictive of student success in English and math courses
  – High School Transcripts, SAT/ACT, CASAS, High School Equivalency, college transcripts
  – Working toward implementing directed self placement in English and Math
HIGHLIGHTED INTERVENTIONS

- Outreach to students who stop attending classes
- Group Registration
- ‘Auto awarding’ students for completion
- Identifying students 10-15 credits short of completion
NUMBERS...

• 1,473 students ‘auto-awarded’ degree/cert
• Outreach to students not attending in first 10 day of quarter:
  – Winter 2018 = 93
  – Spring 2018 = 97
  – Summer 2018 = 70
  – Fall 2018 = 142
  – Winter 2019 = 114
THE LAST SLIDE

Questions?
**High School Graduation Requirements – Temporary Waiver**

Clover Park Technical College grants high school diplomas through the Northwest Career & Technical High School and also through Adult High School Completion programs. The college ensures that students complete the minimum graduation requirements that pertain to their graduating class (as determined by the date they entered 9th grade), set forth in WAC Chapter 180-51.

In 2014, WAC 180-51-068 implemented a 24-credit graduation requirement beginning with the Class of 2019 (students entering ninth grade on or after July 1, 2015). Due to the significant change in requirements, the WAC also allows for districts to apply for a temporary waiver from these requirements.

The temporary waiver from high school graduation requirements allows a public school, private school, or community college to delay implementation of the 24-credit graduation requirements in WAC 180-51-068. By utilizing this waiver, students will need to meet the requirements of WAC 180-51-067 rather than the requirements of WAC 180-51-068. For Clover Park Technical College, this allows for alignment with local high schools who are using the lower requirements and increased access to high school diploma completion for our students.

2018 vs 2019 Foundation Goals

- 17 total goals, 14 achieved
- Emergency Assistance Endowment increased by $75,000 in one year
- $61,757 unrestricted dollars raised
- $87,897 (gross) raised at Gala
- 3 new Foundation Board Members

- 10 goals
- 600 Total Donors
- 140 Payroll Donors
- $55,000 Foundation Event Fundraising
- $245,000 total dollars raised
- 100% giving BoT, Foundation Board, E-Team
- 3 new Foundation Board Members
Total Dollars Raised:

2015: 300,000 (Cash) + 500,000 (Non-Cash)
2016: 350,000 (Cash) + 500,000 (Non-Cash)
2017: 250,000 (Cash) + 200,000 (Non-Cash)
2018: 350,000 (Cash) + 500,000 (Non-Cash)
Questions
Call to Order: Vice Chair Martinez called the Board of Trustees Meeting for Clover Park Technical College (CPTC) to order on March 13, 2019, at 4:05 p.m.

Board of Trustees Present:
Mark Martinez, Vice Chair
Bruce Lachney
Eli Taylor

College President: Dr. Joyce Loveday

Assistant Attorney General (AAG): Justin Kjolseth

Excused Absences: Wayne Withrow, Chair; Lua Pritchard, Trustee

Other Attendees:
Larry Clark, VP, Finance & Admin.
Dr. Tawny Dotson, VP, Strategic Devel.
Mabel Edmonds, VP, Instruction
Scott Latiolais, VP, Student Success
Jenn Adrien, Guest
Lisa Beach, Dir., Compliance
Marla Briggs, Health Unit Coord. Inst.
Dr. Chris Chen-Mahoney, Assoc. Dean
Lisa Colombini-Hyke, ECE Inst.
Cristeen Crouchet, Dir., Workforce Dev.
Ken Dam, Manufacturing Tech. Inst.
Samantha Dana, Dir., Inst. Research & Grants
Loren Davis, Dir., NWCTHS
Carine DeLeon, Cosmetology Inst.
Cal Erwin-Svoboda, Dir., Student Life
Dr. Derek Faust, Env. Sci. & Tech. Inst.
Myra Griffin, Dir., Nursing Prog.
Sam Hardy, ASG President
Kandy Hernandy, LPN Inst.
Michelle Hillesland, Dean
Kelly Hollowell, CNISS Inst.
Janet Holm, Development Mgr.
Pamela Jeter, Dir., IT

Jeanna Kawamoto, Student Speaker
Dean Kelly, Dean, Student Success
Aaron Kooley, Student
Dr. Claire Korschinowski, Dean
Christian Kroiss, Mgr., Security
Jay Lanphier, CNISS Inst.
Dr. Brian Lee, Proj. Mgr., etcLink
Dr. Judy Loveless-Morris, Dean
Trish Maguire, Cosmetology Inst.
Taylor McGovern, Counselor
Ken Meerdink, Comp. Prog./ Web Design Inst.
LaRita Montgomery-Mandley, Core Allied Health Inst.
Catherine Morris, CNISS Inst.
John Moyer, Graphic Tech. Inst.
Joylene Perez, Health Unit Coord. Inst.
Brandon Rogers, Assoc. Dean
Jason Sawatzki, Mechatronics Inst.
Tyler Scott, Sr. Creative Comm. Mgr.
Michael Smith, Automotive Inst.
Don Souza, CNISS Inst.
Cherie Steele, Exec. Asst. to the President
Jeffrey Turner, CNISS Inst.
Adoption of the Agenda

MOTION:
Motion to adopt the agenda as presented was made by Trustee Lachney, and seconded by Trustee Taylor. Motion was approved unanimously.

Approval of Minutes (Tab 1)

MOTION:
Motion to approve the minutes of the Regular Board meeting of February 13, 2019, was made by Trustee Lachney, and seconded by Trustee Taylor. Motion was approved unanimously.

President’s Report

Student Success Speaker
Jeanna Kawamoto’s boyfriend suggested she explore CPTC, as he was a graduate of the HVAC Program. Ms. Kawamoto always had an interest in Graphic Technologies but wasn’t sure about college, because she had a prior felony. She graduated last fall with an AAST in Graphics Technology degree and an AAT in Computer Programming. Her instructors, advisors, tutoring center, financial aid, and bus passes all contributed to her success. Other skills learned are problem-solving, patience, and professionalism. Ms. Kawamoto hopes to work at a design agency.

EDB Excellent 10 Award, presented by Jenn Adrien of the EDB
President Loveday introduced Jenn Adrien, Vice President of Communications, Economic Development Board. Ms. Adrien announced that the John W. Walstrum Center for Advanced Manufacturing Technology was recognized as one of the “Excellent 10,” a list of great economic development projects in Pierce County. She presented President Loveday with an award designed by Hilltop Blown Glass.

Program Accreditation Updates
- Medical Assisting received full accreditation status.
- Practical Nursing (PN) Site Visit by WA Nursing Commission:
  - Evaluators provided good feedback
    - CPTC has had a strong LPN Program since 1966
    - RN Bridge Program
    - Some challenges with going to a pure ADN Program
      - Mastered prepared faculty – competition (four other colleges in Pierce County)
    - Ms. Hillesland and Ms. Griffin are preparing a recommendation for consideration

CPTC’s Legislative Day in Olympia
Trustee Martinez, student Kimberly Stuart (Medical Assisting), and President Loveday visited Representatives Gildon, Leavitt, Reeves, Morgan, Caldier and spoke with the legislative assistant for Representative Barkis. The spoke about priorities for CPTC and the Community and Technical College System:
- Salaries for faculty (12% below neighboring state, below K-12, and industry)
- Any salary allocation (COLA or increases) needs to be 100% funded
- Capital projects – investment supports higher education and puts people to work
Miscellaneous

*F-1 Form for PDC*

AAG Kjolseth explained the process for filing an F-1 Form for the Public Disclosure Commission (PDC).

**College Reports or Highlights**

*ASG Report (Tab 2)*

Ms. Hardy, ASG President, gave the attached report.

**Chair’s Report**

Trustee Martinez reported that he and Chair Withrow attended the Pierce County Coordinating Council (PCCC) quarterly meeting. Topics included:

- Enrollment – most colleges are experiencing flat enrollment
- Legislative issues
  - Capital Budget – there are 37 buildings in the pipeline, and the CTCs are asking for all to be approved, which is approximately $627 million.
  - The Presidents and Trustees visit with legislators at various times throughout the year. Trustee Martinez noted that it is much more impactful for students to advocate, and he encouraged students to do so.

**Board Reports and/or Remarks**

No Board reports or remarks.

**Public Comments**

No public comments.

**New Business**

*New Tenure-Track Faculty Introductions (Tab 3)*

Ms. Edmonds asked the new tenure-track faculty members to introduce themselves to the Board of Trustees.

**Executive Session**

At 4:43 p.m., Vice Chair Martinez stated that, in accordance with RCW 42.30.110, the Board would recess to go into Executive Session for approximately one hour for the purpose of reviewing, evaluating, and interviewing faculty probationers for tenure award.

Vice Chair Martinez reconvened the Regular Meeting at 5:41 p.m. and asked if there were any action items as a result of Executive Session. There were.

**MOTIONS:**

Trustee Lachney moved that the Board of Trustees, after having given reasonable consideration to the recommendations of the Tenure Review Committee and the President, grant tenure to Jay Lanphier at Clover Park Technical College, seconded by Trustee Taylor. No discussion. Approved unanimously.
Trustee Lachney moved that the Board of Trustees, after having given reasonable consideration to the recommendations of the Tenure Review Committee and the President, grant tenure to Michael Smith at Clover Park Technical College, seconded by Trustee Taylor. No discussion. Approved unanimously.

Trustee Lachney moved that the Board of Trustees, after having given reasonable consideration to the recommendations of the Tenure Review Committee and the President, grant tenure to Jennifer Weinmann at Clover Park Technical College, seconded by Trustee Taylor. No discussion. Approved unanimously.

Next Meeting
April 10, 2019, at the South Hill campus.

Adjournment
Vice Chair Martinez adjourned the Regular Meeting at 5:44 p.m.

Dr. Joyce Loveday
President
College District Twenty-Nine

Mark Martinez
Vice Chair, Board of Trustees
College District Twenty-Nine
CPTC’s Core Themes

- Student Success
- Workforce Preparation
- Institutional Sustainability
- Equity (New)
Associated Student Government - May 2019 Report

Highlights
For nearly 10 years, students have asked about a gym on campus. Since recreational activities can increase personal fitness and well-being, the ASG committed to remodeling 214 & 215 in Building 23 to establish a fitness center. Since January 2019 both rooms have been a construction zone with flooring and exercise equipment installed in April. We anticipate a “soft opening” in the summer with limited hours and a “grand opening” set for fall 2019. This aligns with the student priority; Recreation Facility on Campus.

Increasing Student Advocacy
Students met with college representatives and provided feedback related to the Guided Pathways and ctcLink projects. A student delegation attended the annual Students of Color Conference sponsored by the Multicultural Student Services Directors Council. The conference theme was “WE ARE: Empowered by our Past, Forging our Future.” Students attended identity/development workshops, education sessions, keynote speakers, school meetings and networking activities.

Partnership Highlights
Please consider being our special guest at the 7th annual Student Awards Ceremony on Wednesday, June 5 at 6 p.m. in the McGavick Conference Center. This ceremony serves to celebrate students who exemplify academic and community leadership. There will be appetizers, desserts, and entertainment, in addition to the ceremony.

The Nourish Pierce County Mobile Food Bank has been visiting the Lakewood campus every Wednesday from 1-3 p.m. outside Building 5, since March 6. Approximately 28 families representing between 75-100 individuals have been served each week. This aligns with the student priority; Affordable, Accessible, Expanded Food Options.

Students and staff volunteered at the Emergency Food Network Garden preparing 26 raised beds, which will produce 5,000 pounds of fresh produce this summer for the neighborhood.

Shared Governance
The Services & Activities (S&A) Budget Committee approved an $850,000 operating budget for the 2019-2020 fiscal year (FY) with no increase to the student fee. This is a decrease of $45,374 compared to the previous FY. The proposed budget has been submitted to Student Council and Vice President for Student Success in preparation for presentation to the College President. It is expected that this budget will be submitted to the Board in June.

Interviews to select next year’s student leaders who will operate four different student organizations and three centers are scheduled for May 13-15. It is anticipated that the summer training series will begin in late July.

**Cumulative beginning July 1, 2018**

- **Work is largely complete; invoice received in mid April**
- **Tool purchased and in use**
- **Our effort to fund one of the monument signs didn’t work. We have several small sign orders in, but most will not be spent by 6/30**
- **We won’t be charged for this by SBCTC**

---

K&K Equipment, repairs/parts/service prep deck, Automotive (190520); Toyota Lift NW, forklift parts/labor, HVAC (190544); Compressed Air Systems (190633); Air Systems Engineering, install exhaust Plasma machine, Welding (MCL18120).

---

Core Theme(s): Institutional Excellence. The pizza ovens have been installed, and are benefiting our students, the program and the community members who enjoy the fine dining available in the Rainier Room. For regulations reasons we needed to change from a deck-style oven to a conveyor style. Students have already been experimenting with the unit. They have done pizzas, casseroles, egg dishes, scones and several other items. The unit is proving to be more versatile than expected and is used everyday. This will become a vital part of our kitchen, supporting students and patrons of our restaurant.

---

Core Theme(s): Workforce Preparation, Student Success and Institutional Excellence. Simulation helps prepare students for their ‘live’ clinical experiences; this benefits the students, the clinical site staff and the patients they will be working with. The software was installed October 31, 2018. Training on the new software is scheduled for January 4, 2019.

*NEW FEE*
Dustin was born and raised in Tacoma, Washington. At an early age he was instilled to have a strong work ethic. As the youngest sibling of three, he had the opportunity to learn from the experiences of his family before acquiring his own. A motorcycle accident left his father paralyzed from the neck down when he was just 3 years old, which left his mother to work hard to support him and his siblings.

Dustin started working at the age of 16 at a local grocery store. He would work at this establishment through high school and graduation. At this juncture in his life, he realized that he needed further growth and experiences. Dustin enlisted in the United States Air Force at the age of 19 as an Aircraft Avionics Technician. He was then stationed at Joint Base Lewis McChord (JBLM) from 2006-2014 working on the Boeing C-17 Aircraft as an Instrument and Flight Controls Systems Craftsman. During this time, and among two deployments and countless temporary duty stations, he gained extremely valuable experience as an Avionics Technician. Dustin trained to be proficient in his own duty title as well as others. He trained to refuel, change tires and brakes, service engine oil and liquid oxygen, as well as towing and jacking the aircraft.

In 2013, Dustin received orders to serve as an instructor of Avionics at Sheppard AFB, TX. He left JBLM in late February of 2014 to pursue his next life-learning experience. Upon reception to Sheppard AFB, he felt it was conducive to learning and training. He realized his passion for teaching and mentoring incoming Airmen to be more rewarding than anything he had done before. During this time, Dustin pursued further education and earned two associates degrees with relation to Aviation and Instruction of Avionics systems. He went on to instruct 5K hours from 2014-2018 gaining valuable experience in education, mentoring, and developing teaching methods to relate to a diverse population of students.

After serving 12 years in the Air Force, Dustin realized it was time to move on to different avenues. He had outgrown the Air Force and realized that without his departure he would be locked into a lifestyle that would stagnate his growth. His passion for exploring new ideas and growth as a person was his catalyst to start a new chapter in his life. Dustin began pursuing his Airframe and Powerplant license immediately following his departure from the Military, which he is still in process of obtaining. While enrolling at Clover Park Technical College (CPCT), he was
alerted to an Avionics Instructor position. He was swift to apply and later received the position and title of Avionics Instructor, once again.

Currently, Dustin is a full-time student and instructor for CPTC and resides in Puyallup, Washington. Even after a short period of being with the college and learning both as an instructor and student, he has realized his skill-set, and he himself has found a home to learn, explore, and further cultivate his instructional and interpersonal skills.
My name is Tracy Irish. I was born in 1970 at Tacoma General Hospital and I have been a Washington native for over 48 years. I Graduated from Bethel Sr. High School in 1988. I also have a daughter that graduated from Eastern College and is currently living in Alaska working on her postgraduate work.

In 1990, I started a skateboarding company that lasted for about four years. Around that time, I attended Green River Community College to pursue independent studies in math, psychology, mass media, and chemistry. It was around this time that I also spent a few years training to become a locksmith.

During the late 90’s, my interests turned towards theology, which led me down the road to study foreign languages and etymology in hopes of becoming a Transliterator. After spending three years studying ancient languages, such as Cuneiform and Hebrew, I turned my attention toward archeology. This led me to a new interest of learning how ancient cultures harnessed power and electricity.

In 2006, I decided to attend Clover Park Technical College (CPTC) and pursue a degree in Applied Technology by taking the Low Voltage Fire Security program. I was the first in my family to attend college. I graduated from CPTC in 2008 and immediately started working in the electronics field. I worked for a few years in the RF field working alongside law enforcement maintaining their communications systems. I later worked for King County as a Technician.

After three years in King County, I decided it was time to work on getting my hours for my Washington State 06 Electrical License. I passed the test in 2017 and have been working in the field as a Journeyman ever since. In 2019, I joined the CPTC family by becoming the instructor for the Low Voltage Fire/Security program, the same one I graduated from in 2008. I’m excited to share my knowledge and life experiences with the next generation of prospective Electricians.
Hello, I am Mike Mullins. I have lived most of my life in Kitsap County. I graduated from South Kitsap High School. In fall of 1990 I started at Clover Park Technical College. I received a scholarship from the Olympic Street Rod Association to help cover some of my expenses. I have also taken classes in business and have a certificate in Welding.

I have worked on cars as far back as I can remember. My dad and my grandfather were both interested in hot rods. My grandfather owned a Shell service station in Grayland, WA until his retirement. This started me on my life-long love of all things mechanical related. Growing up we went to car shows, rod runs, poker runs, and other motor sport events. In high school my dad and I built a 1965 Ford Falcon with a tri-power motor. I still have the car to this day. My current project for myself is a 1936 Ford 5-window Coupe.

I started working in the industry as a shop helper while I was still in high school. I have worked for many fantastic shops and have learned a lot along the way. In 2002, I was working for Mathison’s Rods & Customs when Mr. Mathison decided to retire. It was then that I began building my own business. My shop, Mullins Enterprises, still operates today. I have had multiple cars win awards in local shows. One of my favorite cars is a bright orange Scout similar to the one my wife had in college.

I am part of the South Kitsap High School Auto-shop Board. We have a car show that was revived from our high school days that is held in May. Students and spectators can enter their vehicles for show.

In my spare time I like to go to car shows, youth sports, hang out with my family and our dogs, Sheila and Lucy.
Julie Watts
Interior Design Faculty

I am pleased to have been selected for the Interior Design Instructor – Full-time Tenure Track position at Clover Park Technical College (CPTC). I have been employed as a faculty member in the Interior Design program at CPTC since 2007, working full-time since 2008, and teaching software programs, such as SketchUp, Adobe Photoshop and InDesign, AutoCAD, as well as courses in commercial space planning and portfolio development. Most importantly, I love what I do and would like to continue teaching and growing at CPTC for years to come.

My qualifications are directly in line with all the requirements for this position. I earned my AAT in Interior Design from Clover Park Technical College; not only am I familiar with teaching at CPTC, but I also know what it’s like to be a student here. Previous to earning my Interior Design degree, I earned a Bachelor of Music Education degree from PLU, which required the same course work as any other education major. I earned my teaching certificate and learned to develop curriculum and lesson plans focusing on course outcomes, how to work in a classroom environment with students of varying abilities and learning styles, and many other helpful skills related to what I do today. I am currently working on earning a Master of Science in Interior Design degree from Ball State University and should be completed with my course requirements in July of 2019. In addition to my education, I have over 13 years of industry experience and continue to work in the field as time allows doing freelance work for designers, contractors, developers, commercial realtors, and building owners. I maintain NCIDQ (National Council for Interior Design Qualification) certification and LEED Green Associate accreditation.

Working at Clover Park Technical College is a blessing. I love the people, culture, and diversity that are found in the faculty and staff, as well as the students. Working with people of varying ages, abilities, backgrounds, beliefs, and life circumstances is an experience one doesn’t get at just any institution or work place. I share this constantly with people when they ask me how I like doing what I do and working where I work. I am proud to say that I am a part of CPTC and that we provide a solid education to all who desire to learn. It is my career goal to continue working at CPTC, helping to further develop the program and bring skilled interior designers into the workforce.

I am passionate about providing the best interior design education to our students. I believe this means a well-rounded combination of technical and creative skills, experience, and exposure to
industry. While always willing to meet students wherever they are at, it is my goal to get them all to a level of industry expectation. It is beneficial to break beyond the four walls of our classroom to experience design. Field trips, industry speakers, product exposure, and community work are all a part of what we do in our program. In order to facilitate this, I maintain good relationships with industry partners and other institutions. Ultimately, I aim to ensure our students are getting the jobs they want within our industry and that CPTC’s Interior Design program maintains a good reputation in our community.
RESOLUTION 19-05-97
Requesting Temporary Waiver from
High School Graduation Requirements

WHEREAS, Clover Park Technical College (CPTC) grants high school diplomas through the Northwest Career & Technical High School (NWCTHS) and through Adult High School Completion programs, and

WHEREAS, CPTC ensures that students complete the minimum graduation requirements that pertain to their graduating class (as determined by the date they entered 9th grade), set forth in WAC Chapter 180-51, and

WHEREAS, in 2014, WAC 180-51-068 implemented a 24-credit graduation requirement beginning with the Class of 2019 (students entering ninth grade on or after July 1, 2015). Due to the significant change in requirements, the WAC also allows districts to apply for a temporary waiver from these requirements, and

WHEREAS, the temporary waiver from high school graduation requirements allows a public school, private school, or community college to delay implementation of the 24-credit graduation requirements in WAC 180-51-068. By utilizing this waiver, students will need to meet the requirements of WAC 180-51-067 rather than the requirements of WAC 180-51-068. For Clover Park Technical College, this allows for alignment with local high schools who are using the lower requirements and increased access to high school diploma completion for our students.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Trustees does hereby approve a resolution, as required by WAC 180-51-068, to request a temporary waiver from the high school graduation requirements directed by Chapter 217, Laws of 2104 (E2SSB 6552) beginning with the graduating class of 2021 instead of the graduating class of 2019.

PASSED AND ADOPTED by the Board of Trustees of Clover Park Technical College, state of Washington, on this 8th day of May 2019.

Attested by:                      Approved by:

Joyce Loveday, Ph.D.       Mark Martinez
President                   Vice Chair, Board of Trustees
