Introduction

The Bachelor of Applied Science in Cybersecurity program at Clover Park Technical College has admission requirements beyond those necessary for general admission to the college. The admission criteria include your academic record, completion of an earned Applied Associate degree, AAS-T, or Direct Transfer Associate degree from a regionally accredited institution.

Applicants are admitted each quarter subject to the availability of space.

Please follow all directions in this application carefully. Failure to comply with the process described in this document may result in disqualification from the admissions pool for this program.

Bachelor of Applied Science in Cybersecurity

Is This Program Right for You?

Before you start the application process, you should make sure that this is the right program for you. We strongly advise you to attend one of our Information Sessions which provide an overview of the BAS-Cybersecurity program. Sessions:

- Last 30-60 minutes (depending on number of attendees and questions).
- Are highly recommended for all applicants.

Information sessions are currently held every second and fourth Wednesday of the month at 3 PM. Please contact Jeffrey.turner@cptc.edu to set up a time to review the program.

In addition, we strongly recommend that you contact the Bachelor of Applied Science Navigator, Kristen Bate at Kristen.bate@cptc.edu from your first interest in the program. She will be able to assist you through the application process.

Admission Requirements and Selection Criteria

Academic Requirements for Admission to the Program

Admission to the program may occur when the following can be documented:

- Successful completion of an earned Applied Associate degree, AAS-T, Direct Transfer Associate degree or equivalent from a regionally accredited institution with an overall cumulative 2.5 GPA.
- A minimum grade of 2.0 is required in all general education coursework.
- 5 college-level credits in English Composition (ENGL& 101 or higher).
- 5 college-level credits in a transferable social science course.

Academic Requirements for Admission to the Junior Year

Once admitted to the program, the following must be documented before you can move on to the junior year of the program:

- 4 credits of computer networking coursework.
- 4 credits of Windows Server coursework.
- 4 credits of Linux operating system coursework.
- 4 credits of cybersecurity coursework.
- 4 credits of computer programming or scripting.
- 5 college-level credits in a transferrable humanities course.

Graduation Requirements

- To successfully complete the degree, students must maintain a minimum grade of 2.0 in all coursework, including program courses and general education courses.
- Successful completion of MATH& 146. *If MATH& 146 has already been completed upon admission to the program, another college-level, transferable general education course is required.*

Other Admission Requirements

In addition to meeting the requirements listed on the previous page, you must also submit:

1. Official copies of your transcripts for all of the colleges you have attended other than Clover Park Technical College.
2. Proof of current enrollment in any outstanding coursework listed under the admission requirements above.

Bachelor of Applied Science in Cybersecurity

Applicants can expect to hear back regarding their application in approximately 2-4 weeks after submission.
