Repeating a Course				
				the state of the s

Students may repeat a course in which they have not received a passing grade, unless prohibited by program policy.

A course may be repeated no more than twice (this is defined as two repeats in addition to the original enrollment). All courses and earned grades will remain on the student's transcript, with only the highest grade received for a repeated course used in the calculation of the GPA.

Financial aid recipients and veterans should check with the Financial Aid and Student Records (Veteran's) Offices regarding funding for repeated courses.

Other colleges may not accept a grade earned in a repeated course.
