POLICY

Clover Park Technical College seeks to provide students with the opportunity to complete high school graduation requirements without discrimination and without disparate impact on groups of students. In so doing, the college has determined to waive the 24-credit graduation requirement framework for students who entered 9th grade after July 1 of 2015 and 2016 (the Classes of 2019 and 2020). These students must complete the 20-credit requirements outlined for students who entered 9th grade after July 1 of 2012-2014.
